DO'S

- 🐾 **Get the goods** – login to your PAWGUST dashboard and check out all the tail wagging resources we've put in there for you!
- 🐾 **Back yourself** – donate to yourself (if you haven't already). The average PAWsonal donation is \$43. Statistics say you'll raise on average \$235 more!
- 🐾 **Get barking** – share stories and photos of you and your dog. PAWGUST peeps who do, raise 82% more!
- 🐾 **Create a schedule** – those who stick to their 30 minutes a day found both them and their dog were generally happier.
- 🐾 **Join a team** – being part of a pack is always better. In fact, those who do, walk and raise more! We've even got dog breed teams!

DON'TS

- 🐾 **Dig yourself into a hole** – Not only are you and your dog doing something PAWsitve for yourselves, you're raising funds to help supPAWt others. And that, my friend, is darn amazing!
- 🐾 **Stop barking it out loud** – you will need to remind, retell and repeat yourself a lot. Family and FURiends need constant reminding about the amazing thing you're doing so don't stop barking about it, keep going!
- 🐾 **FURget to track your walks** – in your PAWGUST dashboard you can input your daily walks and this will display on your pawgust page. This is a really imPAWtant step so don't FURget!
